

Bountiful High School Course Offerings 2022-2023

Final courses offered are based on student interest and staff availability.

The number of credits needed to graduate for each category is bolded in the shaded category heading. 27 total credits are needed in order to graduate with a BHS diploma and walk with the class.

After the minimum amount of credit has been reached in any given graduation category, additional credit earned in that category will automatically count towards the 8.5 elective credits needed for graduation.

Refer to your Graduation Summary via mydsd account to see your current status.
